ARACON

23-24 October 2025

The Hilton Rotterdam

Keeping agile: Future proofing the marine fuel supply chain

ARACON is the longest-running and biggest bunkering conference in the Amsterdam-Rotterdam-Antwerp region. Its no-nonsense conference programme attracts all the main bunker suppliers and bargaining companies in the ARA and Northwest Europe as well as dozens of European shipowners and managers.

At ARACON 2025, the discussions will be focused on the importance of making the right choices so that the bunker sector can adapt efficiently and effectively to new and upcoming commercial, operational and regulatory imperatives and mandates. By being fully informed about market dynamics and pressures, marine fuel companies can prepare themselves for business headwinds, as well as future opportunities.
